

## Red Deer Wins ‘FinTech Ones to Watch’ Award at The Trade’s Leaders in Trading Awards 2017

London, 26 October 2017 – [Red Deer](#), a next-generation financial technology company dedicated to enhancing the performance of active investment managers, is delighted to have been named a winner in the ‘FinTech Ones to Watch’ category at The Trade magazine’s Leaders in Trading Awards 2017. The award ceremony took place on Wednesday 25 October to recognise the very best traders at hedge funds, asset managers, banks and brokers. This year, The Trade conducted an open nomination process for the awards, with a judging panel of industry experts deciding on the winners.

Commenting on Red Deer’s win, CEO Luke Oubridge said: “2017 has been a fantastic year for Red Deer. We have built up a fast-growing client community for both our core and MiFID II product solutions, including well-established and respected firms such as MAN GLG, GAM and Cheyne Capital, and have been delighted with the feedback we have received from the market. We understand the challenges involved in optimising investment performance while staying on the right side of regulation, and as such our solutions focus on improving the quality of front office information while simultaneously offering compliance teams greater transparency and operational efficiencies. I would like to thank the team at Red Deer for all their hard work, as well as The Trade for recognising us with this award.”
